

Be the First Friend

"Find a School" Family Profile

Finding a new school is a challenging part of your new move. When you are active in your child's school, there are many opportunities for service, fellowship and fun! Finding the right school will make a huge difference for your children. The choice of schools often determines who their friends will be, how their education will proceed, what activities they participate in, and perhaps even what they choose to do with their lives. Loneliness is often a problem in a new community, but finding a school that's a good fit can reduce or remove that loneliness. Finding a school for your children can also help you settle into the new community more quickly if you get involved in school activities or meet other school parents.

When you are moving to a new community, there are usually several options. How do you begin to choose?

We believe that our **Find a School – Family Profile Service** is a great beginning. When you use this free service you are able to get an overview of the options even before you move! We provide you with this family profile and can also provide the names and addresses of the schools in a community. By sending out profiles and requesting written information from the schools that are in the community you are moving to, you can begin narrowing your search even from long distance!. That will make it possible to focus on visiting the schools that fits the gifts and needs of your family best when you arrive in your new community. Knowledge is power and you'll have some great knowledge to make the best choices for your family!

You are able to complete this profile form right on your computer. Simply put your cursor by each empty space, and you will be able to type there. When you have completed the form, you can print off as many copies as you need. If you need a list of schools in your community, go to our web site at www.WelcomingCommunity.org and you can request that list from us. We will email it to you and then you can send this profile to as many schools as you would like.

A similar service is available from our website for finding a new church home.

Once you are settled.....

This profile form is part of a program called "Be the First Friend" which helps families who are the "current residents" of a community become more aware of the needs of families that are new. Once you are settled, you may want to consider getting these resources and making "welcoming others" a part of your ministry! Maybe you can be the inspiration to start some neat new programs in the church or school that you end up choosing! You will certainly have the first hand experience to be able to relate to the needs of families new to a community!
